CHARMING TRADITIONAL. SLEEK CONTEMPORARY.  
Whatever your taste Bauscher Construction  
can make your home fit the way you live.

## *Turn Your House into your Dream Home*

At Bauscher Construction we understand that while houses are similar, no two homes are alike. It's the *unique style* and individual taste that you bring to your home that makes it special to you and your family. It's the right color, the right texture, in just the right light. It's that *element of design* that speaks to your individual taste.

You've torn out more magazine pages than you can count, visited endless web sites, and dreamed over untold cups of coffee. *Now you're ready...* ready for someone to help you with the sometimes daunting step of taking all of the pieces you've gathered and turning them into reality. Our team will work with you to sort through the myriad of options to design a project that *fits your priorities* within your budget.

With your custom design and our pre-defined schedules and processes you will experience the excitement and *peace of mind* that comes with working with a team that takes the guesswork and worry out of your project! Making your home fit your life should be fun, and we'll make sure it is!

*"I was dreading this job but you folks helped make it actually enjoyable.  
I've heard horror stories about contractors but you have changed my opinion.  
You folks are the best!"*

## *Your home.*

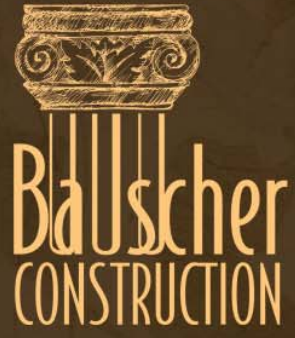

*It's your favorite coffee mug with the morning paper, or the cozy spot where you enjoy a relaxing book. It's the color and texture of a distinctive place where the air is filled with the laughter of family and friends. The place where memories are created, remembered, and enjoyed. It's your home.....uniquely you.*

# A Firm Foundation...

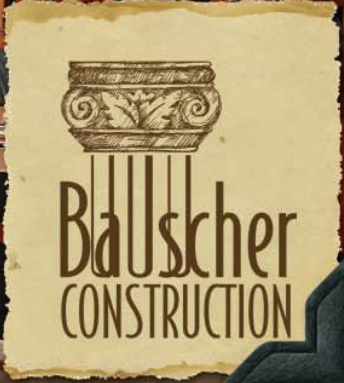

In 1972 Jerry Bauscher founded Bauscher Construction with one simple but important vision, "To provide the highest level of quality with an unquestionable level of honesty and integrity." For over 35 years and two generations Bauscher Construction has been doing just that. In an industry where companies routinely come and go we have been building relationships with our clients and our community through our commitment to that original vision.

Your home...designed for the way you live.
